

Ausbildungstag in der Schweiz

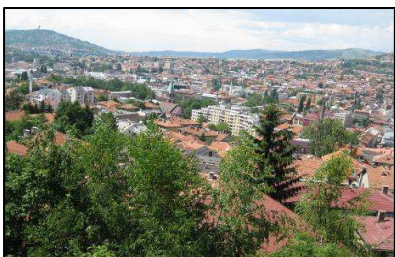

Dear Friends

We look back to the last months with a lot of thankfulness in our hearts about the positive developments in our work. People could get to know Jesus as their personal savior, others have found a church to be part of the spiritual family, still others have grown in their walk as a disciple of God. Leprosy Children have received a new home and a new hope for their future. Church planting teams in different countries have grown und been trained. All of this is reason for great joy, that God is building his Kingdom and we forget the hard work, the difficulties on the way and also the sometimes sleepless nights.

In these last months it has been a priority to train the leaders and teams in Switzerland and we are encouraged to see, how men and women have taken the responsibility to become multipliers of Jesus.

For the earth will be filled with the knowledge of the glory of the Lord, as the waters cover the sea. Hab.2:14

These words reflect well the heart of God and motivate us to invest into people's lives, who want to know God better and make him known in the whole world. We are contignuing with our task to "make disciples in different parts of the world and in cooperation with other leaders. From our house churches we have started to send teams to India, Bosnia, Italy and Kenya. During these outreaches we have

trained local leaders and church planters and have helped many believers to receive healing and a new touch of God. Many people that we met in these countries are very hungry for Him and God just is revealing himself in a powerful way to them.

We have prayed for many of these people and also those that had the sickness of leprosy. Leprosy has been in many the countries eliminated, but in Asia there are still many areas affected. These people are living like outcasts outside the city in very poor situations and need help.

We have given financial help to build an orphanage with 60 places and an other one is being built. In these children homes the kids receive medical help, can go to school and hear about Jesus. All the staff are volonary workers like medical workers and teachers. We are contignuing to help these kind of works and appreciate your help in prayer and finances.

These things could happen because they are God's will, but also because many have faithfully supported us and stood behind us in prayer and financial gifts. Therefore you have become partners of all these good things that have happened.

A great big THANKS for all the prayers, gifts and offerings and your trusting in us. Without you we could not do this work!

TRAININGS:

SCHOOL OF SUPERNATURAL MINISTRY (SSM):

A practical training to work in the kingdom of God. (March – December 2010)
God is good and is in a good mood! He still wants all people to get to know his goodness. That's why he sent his son Jesus into this world and Jesus is in turn sending now us into the world in the same way. Jesus is God's son and has given us an example how to live in the power of the Holy Spirit. In the life of Jesus we see what is possible if people live under an open heaven. In the book of Acts we see that this dimension is also for his disciples at reach.

- we believe, that we have been born to live a supernatural life and that His power is in us.
- We believe, that every believer belongs to the kingdom of God and is therefore called to a life in the supernatural power of God.
- We believe, that we have to leave the secure boat and do a few steps on the water.

Through the SSM, people are receiving input, release and practical opportunities to discover, who they are as son/daughter of the King and how they can change the world around them through a supernatural lifestyle. We are inviting some external people that have had a brake through in this area of their life, in order to learn from them.

- Training days to different subject and refreshment times are happening regularly. (See www.lifeshare.ch)
- Celebrations for Christians of the local area are being held every two months. Sunday may 30st , Sunday July 11th
- Power events: Saturday April 24th, May 7th , Saturday June 26th

OUR BOOK OF ACTS: Stories that change the world...

Last weekend we went to the Restaurant. Just arrived, I noticed a man with a hat and gumboots. First we went inside and drank a coffee. During this time I asked God, what he wanted to tell this young man. Straight away I felt the calling of God over this man. God showed me also, that he had problems with his right knee. Than I went to him and told him: Every time I pass you, I feel the presence of God strongly and that he loves you. Than I asked him, if he had pain in the knee. The man said yes and that he had hurt his knee yesterday. He explained me, that he was a believer and how much he was touched that God was always with him. I have prayed for him and released him for the new things, God wanted to do in him. Than I went back into the restaurant. We went to the play corner with the children. God the Father told us, that he would sent the right people to us. And they came! With the first ones I had not felt anything. Then came a family and God's presence was strongly there. I went to the man and told him that God wants to open doors for him. Don't be afraid, God will fulfil everything. We could pray for the whole family and they all were filled with the holy Spirit. Then I had seen a woman and knew that she could not go home because there were problems at home. My daughter had painted a sun. I sent her with this drawing to the woman. The woman was touched with God's presence and had suddenly tears in her eyes. Everywhere there are open people with hearts that have been prepared by God. D.

We were in a shop and looked for people, that God wanted to touch. I noticed a woman, that looked very sad and lost in herself. First I didn't dare to approach her and went to get a friend. I felt love for this woman and told her that Jesus loves her. She smiled a bit shy and was obviously touched. Than we asked her, if we could pray for her. She was happy and said yes. And really, she had a burning on her leg since two years and had problems since then. Straight away she rolled up the trousers and showed it to us. We kneeled down and touched the leg and prayed. Afterwards we asked her how she is feeling. She said, that the pain and the strange feeling had been flushed away. Thank you Jesus! As we left, I saw her standing at a shelf in the shop, smiling. We were strongly encouraged. Ch.

I went shopping. Behind me stood a woman and she told me that she had head ache (migraine). She was Muslim. I asked her, if I could pray for her. She was agreeing and so she came to my home. At home was another friend of mine and we prayed together and spoke out healing over her. She felt the peace of God. Two days later she came to me and told me overjoyed: The pains left her 20 minutes later and that prayer really can help and how she went to her sister in law to tell her about this experience. Halleluja, Jesus heals and delivers!!! D.
